

Czech Nymphing Masterclass

June 2008

80% of fish are caught by 20% of fishermen

After five years organizing the original Czech Nymphing Masterclass and 150 participants from all over the world, it is clear that the Czech Nymphing technique has become a standard skill for every serious flyfisher besides the dry fly technique.

A lot of people think that Czech Nymphing is about long rods (10+ foot), three heavy nymphs (leadbombs) and fishing with only a short line.

But they haven't yet attended the Czech Nymphing Masterclass with the "River God" **mr. Jiri Klima**, regarded as one of the best flyfishers in the world.

In this masterclass Jiri will learn you how to Czech Nymph with a #2 line rod and two light weighted nymphs!! With this light combination you are able to change fluently from short line nymphing into nymphing with a long line, the classic way. But Jiri will also teach you how to tie his best flies.

Czech Nymphing the way Jiri Klima does, is so effective, that after the masterclass you thank (River) God for learning this technique:

- You will become a better flyfisherman that even reaches the category of that 20%
- You will read the river much better
- You will catch fish in the hours when the fish is not rising to your dry fly

Don't hesitate and sign up for the next Czech Nymphing Masterclass.

The Czech Nymphing Masterclass was originated by the Dutchman Robert Borrenbergs in 2003 and is now imitated by others. What better compliment could you ask?

Participants say it is perfectly organized, it has one of the best flyfishers as the master tuitor and the participants will fish in the best rivers of Bohemia with plenty of fish: grayling, brown trout and rainbow trout.

See for example the testimonial of mr. Todd Oishi, the number one, Gold Medallist in Canada:

www.bcflyfishingadventures.com

In June 2007 the last Czech Nymphing Masterclass took place and 21 participants attended from five different countries: Australia, N-Ireland, England, Belgium and Holland. Among them was the Australian flyfishing team that right after the masterclass travelled to Finland for the World Flyfishing Championships. In these championships Australia booked their best result ever: the 9th place among 22 national teams with absolute the best flyfishers in the world! The manager of the Australian team mr. Brian McCullagh said that the Czech Nymphing Masterclass, with the tuition from the master Jiri Klima, was decisive.

With the Czech Nymphing Masterclass you will receive a perfect holiday with a lot of fishing and an improvement of your flyfishing skills with the exclusive tuition from Jiri Klima. The Masterclass will be held in the south of Bohemia where we will fish in the famous salmonid river called Vltava also known as the Moldau which runs eventually through the city of Prague.

The price for this unique event is **€ 520,00 (EURO)**

This price includes:

- 6 overnight stays and 5 days fishing
- Full board accommodation (breakfast, lunch and dinner)
- Fishing licences
- Instruction (fly-fishing and fly-tying) from the "River God" Jiří Klíma

Arrival: Friday May 30th, 2008
Departure: Thursday June 5th, 2008
